

Canyon Independent School District

Darryl Flusche
Superintendent

Welcome to Canyon Independent School District!

We are excited and honored to have new residents moving into the district. Canyon ISD is one of the top school districts in the great State of Texas and our students have access to some of the best educators and programs. Our district will serve over 10,000 students in pre-kindergarten through twelfth grade and as a superintendent, I am extremely proud of the achievement of our teachers, staff and students.

Canyon ISD is a place where students can succeed academically, athletically and through our fine arts programs. Student involvement among campuses is highly encouraged through organizations such as Key Club, Student Council, internships and through many other campus groups. Our district strives to help students succeed and give them opportunities today and after high school. We believe it's important to meet the needs of every student.

Included in this folder is information about our district. We have enclosed an informative piece displaying an academic overview of Canyon ISD, student successes, overall enrollment of the district, and technology information. In addition, we have included a brochure about our College & Career Readiness efforts for high school students and a brochure about our upcoming Manufacturing Academy. Also, a school calendar, campus locations and registration dates are provided.

In addition to these features, Canyon ISD is proud to serve the students from the communities of Canyon and the southern portions of Amarillo encompassing 732 square miles. The district gains over 200 students per year with 8 campuses in south Amarillo, 5 campuses in the city of Canyon and 2 schools located between the two cities. A new intermediate school is currently under construction in Amarillo and it is scheduled to open in August 2018.

Canyon ISD holds high expectations for all students to reach their learning potential and to have opportunities of choice upon graduation. Teachers, parents and administrators are mutually engaged to insure a high-quality education in a safe and friendly environment for children.

Again, we extend a warm welcome to our community.

Darryl Flusche
