

Canyon Independent School District

Darryl Flusche
Superintendent

Student Registration for Canyon ISD

Online Enrollment: Canyon Independent School District utilizes the convenience of online registration allowing families to verify student information, update contact information, complete yearly required registration forms, and acknowledge/review important district information and policies. The registration site will open on July 21st for the 2017-2018 school year.

New students to the district will need to set up an account through the registration link on our website, www.canyonisd.net. The link also connects with our grade viewer program allowing the convenience of using one username and password for both programs.

Once you have completed the New Student Online Registration process, please print off your confirmation and deliver it to the campus to finalize the registration process on either July 31st or August 1st. Please contact your campus or visit our website for specific times. Along with the confirmation page, you will need to bring proof of residency, birth certificate, social security card, and immunization records. Guardians will need to provide a driver's license.

For further information, contact Canyon ISD at [806-677-2600](tel:806-677-2600).
